- 1. A secret project is reported under construction near the town of Mobbelin, 9 km. north of Ludwigslust in Mecklenburg. The electric power supply office of the Land government was informed of the existence of the project by the Soviet Army with the warning to keep it secret.
- 2. The exact location of the project is directly southeast of "bbbelin, in a triangle bordered by the road "bbbelin-Neustadt (Reichsstrasse 191), the road "bbbelin-Ludwigslust (Reichsstrasse 106), and by the "new canal". The area of the project has a radius of 3.5 km.
- 3. All high tension wires in the area have so far been changed to cables.

 The current is 1250 kva. The project is to be completed by 1 march 1953. Source has heard that a similar project will also be
